

Mobile / SMS Loyalty Program - How it Works!

Signage is used to promote your VIP Club.

QR Codes can be placed on all advertising.

Customer is added to your database for future marketing

Seconds later, customer gets an ad with contact info & images that stays on their phone for reference.

They also get a coupon to get them to return.

Your customers are in your private database that you control via a dashboard. This allows you to send them promotions on demand.

Everything is tracked in detail including coupon redemptions so you can measure your results.
